To: The Registrar
Environment Court
P O Box 7147
Wellesley Street
Auckland

The Russell Protection Society Inc. wishes to be a party to the following proceedings:

ENV-2012 AKL-000092
Neville Crawford Family Trust

We are an organisation representing relevant aspects of the public interest. In particular, the Russell Protection Society (the Society) was a party to appeals establishing subdivisional standards for the Far North District Plan's Coastal Living Zone. The Society is concerned about protecting the integrity of this zone within the context of Russell because it is considered essential to preserving the visual and historical amenity of the area.

We are interested in all parts of the proceedings.

We are particularly interested in the following issues:

All issues addressed in the respondents decision.

We support the respondent because their decision is consistent with the purpose and principles of the Resource Management Act and the FNDC District Plan. The applicant's sites are unsuitable for further subdivision.

We agree to participate in mediation or other alternative dispute resolution of the proceedings.
